Synthesis - Modular Seating System Collection: Unopiu

Description:

Our Synthesis line presents many elements created to free customers' creativity: a big sofa, a pouf and a modular seating system. The safe and practical teak joints allow several compositions. You can reduce the glare of sunlight and comfortably relax with the new 2010 Unopiù proposal: a shading kit including off-white 100% acrylic curtains on teak supports. All the seats are characterized by a proper balance between the sturdiness of teak wood and the lightness of the interlaced design in WaProLace® fibre.
Seat and back cushions included.
